A Look Ahead . . .

A publication for Fernald stakeholders

On-Site Disposal Facility (OSDF) update

Petro, the subcontractor performing work on the OSDF, has completed the placement of waste materials into Cell 1, reaching design height earlier than planned. With a few exceptions, most of their work scope has been completed for this construction season and they will be demobilizing in October. The installation of the permanent leachate line will continue through the winter.

Proposals for the installation of the Cell 1 Cap of the OSDF were received in August. Discussions on the proposals concluded in September and revisions from the bidders are due for submittal in October. The contract will be awarded in early November. The Cell 1 cap is expected to be installed in 2001. For more information on the OSDF Project, visit our Web site at www.fernald.gov/cleanupproj/osdf.htm, or contact Jay Jalovec, DOE-FEMP OSDF Project Manager, 513-648-3122, email: jay.jalovec@fernald.gov.

Fernald Citizens Advisory Board (FCAB) meetings

The following meetings are scheduled for October:

- A Full Board meeting will be held on Oct. 14, at 8:30 a.m. until noon at the Public Environmental Information Center (PEIC), 10995 Hamilton Cleves Highway (St. Rt. 128). Items on the agenda will be announced at a later date.
- The Stewardship Committee meeting will take place on Oct. 19, at 6:30 p.m. in the Services Building Conference Room at the Fernald Site. The agenda will focus on the final preparations for the visit by FCAB representatives to a complex-wide workshop on stewardship in Denver, CO., Oct. 25-28. For more information, contact Tisha Patton, 513-648-5277, email: tisha.patton@fernald.gov.

Correction to the Public Environmental Information Center (PEIC) hours

In the Sept. 11 issue of *A Look Ahead*, the new PEIC hours of operation were incorrect. The hours are as follows: Monday through Thursday from 7:30 a.m. to 5 p.m. and Friday from 7:30 a.m. to 4 p.m. If you have additional questions, contact the PEIC, 513-648-7480 for more information.
